Any such determination by the Fiscal Court is a final appealable action to a court of competent jurisdiction.

Section 17 - Foreclosure or Other Judicial Sale.

The Grantee shall provide the Government, in the form and manner required by the appropriate court or judicial body, at least thirty (30) days advance written notice, if at all possible, of the foreclosure or other judicial sale of all or a substantial part of the Grantee's Facilities within the County, or upon the termination of any lease covering all or a substantial part of its Facilities, and such notification shall be treated as a notification that a transfer or assignment of the franchise has taken place.

Section 18 - Advertising for Bids.

It shall be the duty of the Judge-Executive or his designee to offer the terms of this Ordinance to the public. In the event that additional interested bidders are identified or express an interest in obtaining a franchise after this initial offering, the additional offering and advertisement to accommodate such bidders is hereby authorized.

Section 19 - Bid Process.

- (a) Bids and proposals for the purchase and acquisition of the franchise hereby created shall be in writing and shall be delivered to the Judge-Executive or his designee upon the date(s) and at the time(s) fixed by him or her in said advertisement(s) for receiving same. Thereafter, the Judge-Executive shall report and submit to the Fiscal Court, at the time of its next regular meeting or as soon as practicable thereafter, said bids and proposals for its approval.
- (b) The Fiscal Court reserves the right, for and on behalf of the Government, to reject any and all bids for said franchise that do not meet the requirements of this Ordinance or if the Application is incomplete and, in case the bids reported by the Judge-Executive shall be rejected by the Fiscal Court, it may direct said franchise and privilege to be again offered for sale, from time to time, until a satisfactory bid therefore shall be received and approved.
- (c) The Government reserves the right to review any of bidder's supporting documentation which justifies and compliance with laws and regulations.

Section 20 - Compensation.

(a) As of the effective date of this Franchise, the County receives distributions in accordance with Kentucky Revised Statutes ("KRS") 136.600 to 136.660 ("KRS Distributions"). Grantee shall only be obligated to comply with Section 20 (b) through Section 20 (h) of this Ordinance if the County has the legal right to opt to collect Franchise Fees instead of the KRS Distributions. If the County has the legal right to opt to collect Franchise Fees instead of the KRS Distributions, Grantee agrees that the payment period for the first Franchise Fee payable under this Ordinance shall commence ninety (90) days after the County provides notice to Grantee and the Kentucky Department of Revenue that the County has opted to collect Franchise Fees instead of the KRS Distributions.

(b) Grantee shall pay Franchise Fees to the County in an amount equal to five percent (5%) of Grantee's annual Gross Revenues. The percentage of Franchise Fee and the method of calculation shall be equal when compared to the percentage or method of calculation of the Franchise Fee in any other Telecommunications Franchise granted by County. In the event any other Telecommunications Franchise provides for a lesser Franchise Fee than this Franchise, Grantee's obligation to pay a Franchise Fee under this Section 20 shall be reduced by an equivalent amount.

(c) Franchise fee payments due the County under this section shall be calculated on an annual basis. Grantee agrees to pay Franchise Fees to the County on a quarterly basis, within forty-five (45) days of the close of each calendar quarter.

(d) Upon written request from the County, Grantee will furnish a statement of the quarterly Franchise Fee payment, reflecting the Gross Revenues on which the payment is based.

(e) Grantee may pass Franchise Fees through to Subscribers as a line item on Subscriber bills or otherwise as Grantee chooses, consistent with federal law.

(f) Upon reasonable notice, the County shall have the right during Normal Business Hours to inspect Grantee's records relevant to the payment of Franchise Fees and the right to audit or otherwise review and re-compute any amounts determined to be payable under this Ordinance; provided, however, that any such audit or review shall be completed within twelve (12) months following the end of each calendar year covered by the audit or review. Any additional amount due to the County as a result of an audit or review shall be paid within the thirty (30) days following written notice to Grantee, which notice shall include a copy of the audit report and invoices specifying all amounts sought by the County in additional Franchise Fees. Notwithstanding the foregoing, Grantee may withhold any amounts found underpaid by the audit or review that are challenged in writing by Grantee within the 30-day period following the written notice of the results of the audit or review until such matter is finally resolved, provided that Grantee shall make appropriate personnel available within 30 days of any challenge to the result of an audit or review to meet with representatives of the County to discuss the findings of the audit or review. Following such a meeting of Grantee and the County, Grantee shall pay any challenged amount to the County, unless the County or Grantee seeks a judicial resolution of the dispute or Grantee and the County agree to extend the time period.

(g) No auditor engaged by the County, shall be compensated on a success-based formula, e.g., payment based on a percentage of an underpayment, if any.

(h) Notwithstanding the foregoing, the County is not prohibited from collecting valid fees or taxes as set forth in KRS 136.660(3). Nothing herein shall be deemed a waiver of any right of Grantee to challenge the imposition of any fee as inconsistent with applicable law.

Section 21 - Additional Requirements.

In addition to all other requirements, and except to the extent prohibited by law, any Grantee not already owning Facilities within the Rights-of-way sufficient to render Telecommunications Services within the County, or any Grantee that is required pursuant to law to file for a certificate of convenience and necessity from the PSC in order to replace or significantly upgrade or expand a substantial portion of its existing Facilities within the Rights-of-way, shall also be required to perform the following requirements during the construction, replacement, upgrade or expansion of its Telecommunications System unless the Fiscal Court determines that any or all of such requirements are not necessary to adequately protect the interests of the Government:

- (a) In addition to obtaining any and all permits required pursuant to the Code, the Grantee shall submit for the Government's approval a comprehensive schedule of construction of its Telecommunications System no later than one (1) month after the Government's acceptance of the Grantee's bid. The schedule shall include sufficient detail for Government to determine the time and locations of construction activities and shall also depict the anticipated time frame of identifiable tasks required for construction purposes, as delineated by the Government. No construction related activities may be conducted in the Rights-of-way until the schedule is approved by the Government. In addition, at thirty (30) day intervals during construction, the Grantee shall provide the Government with a plan of construction activities setting forth a general description of the activities to be undertaken during the following thirty (30) days and designating the geographical area of the County that will be affected. Approval by the Government of these plans shall constitute a condition which must be met prior to undertaking any construction activities.
- (b) The Grantee shall furnish traffic control plans, including site-specific hours of construction, to the Government no later than seven (7) days prior to the commencement of any construction activities. Such plans are subject to approval or modification by the Government. No construction related activities may be conducted in the Rights-of-way without an approved traffic control plan.
- (c) The Grantee shall provide the Government a local telephone contact number, staffed twenty-four (24) hours per day, to enable the Government to report any concerns regarding construction of the Telecommunications System. In the event that the Government reports any concerns to the Grantee, the Grantee shall respond within a reasonable time as specified by Government or as specified elsewhere in this Ordinance. The Grantee shall perform the required repair or correct any adverse impact to Government's use or operations or the use or operations of a third party caused by the Grantee's construction activities in the Rights-of-way at no cost to the Government.
- (d) Fourteen (14) days prior to commencement of construction, and every thirty (30) days thereafter during construction the Grantee shall provide to the County, a notice containing a map depicting where construction will occur. Additionally, such notice shall provide a general description of construction activities and a telephone number to be called by citizens with questions concerning construction activities.
- (e) The Grantee shall provide at least fourteen (14) days' notice to other utilities in the County of its interest in seeking construction permits to open the street before it applies for any street cut permit. The Government shall provide the Grantee with a listing of all such utilities and their points of contact upon

request. Such notice shall inform the other utility companies of the Grantee's intent to undertake construction in the affected areas and state that the other utility companies must notify the Government and the Grantee within seven (7) days of receipt of such notice of their desire to simultaneously lay conduit, or other Facilities, in any trench opened by the Grantee.

- (f) Failure to comply with the above provisions, or the Code may, in the sole discretion of the Government:
 - (1) Be the basis for the Government to reasonably require that the Grantee perform more extensive restoration work than otherwise anticipated by a permit; and
 - (2) May result in the Grantee being assessed an additional premium on any permit fee to recoup any additional costs or expenses reasonably associated with the Grantee's failure.
- (g) Unless otherwise provided an extension by the Fiscal Court, the Grantee must make Telecommunications Services available within the County within one year from the date of the award of the franchise. This requirement shall not apply to a Grantee that does not provide, or has no intention of providing, any Telecommunications Services to Calloway County Customers.
- (h) The Grantee shall maintain accurate Telecommunications System design drawings, maps and improvement plans of the Telecommunications System, in a form acceptable to the Government, in a manner consistent with industry construction standards. The Grantee shall furnish the Government, without charge, with a complete set of "as-built" drawings within sixty (60) days of completion of construction of the Telecommunications System. Such maps and improvement plans shall also be furnished to Government in digital form and shall be provided pursuant to a lawful protective agreement.

Section 22 - Letter of Credit and Performance Bond.

In addition to all other requirements, and except to the extent prohibited by law, any Grantee not already owning Facilities within the Rights-of-way sufficient to render Telecommunications Services within the County, shall also be required to perform the following requirements during the construction of its Telecommunications System unless the Fiscal Court determines that any or all of such requirements are not necessary to adequately protect the interest of the Government:

- (a) Within ten (10) days after the award of a franchise pursuant to this Ordinance, the Grantee shall deposit with the Government's Division of Revenue a one-year irrevocable renewable letter of credit from a financial institution approved by County in the amount of fifty thousand dollars (\$50,000.00). The form and content of such letter of credit shall be approved by the Government. The letter of credit shall be used to insure the faithful performance by the Grantee of all provisions of this Ordinance; and compliance with all orders, permits and directions of any agency, commission, board, department, division or office of the Government having jurisdiction over its acts or defaults under this Ordinance, and the payment by the Grantee of any claims, liens and taxes due the Government which arise by reason of the construction, operation or maintenance of the Telecommunications System.

- (1) The letter of credit shall be maintained at fifty thousand dollars (\$50,000.00) during the entire term of Grantee's franchise, even if amounts have to be withdrawn pursuant to this section.
- (2) If the Grantee fails to pay to the Government any compensation within the time fixed herein; or, fails, after ten (10) days' notice to pay to the Government any taxes due and unpaid; or, fails to repay the Government, within such ten (10) days, any damages, costs or expenses which the Government is compelled to pay by reason of any act or default of the Grantee in connection with its franchise; or, fails, after three (3) days' notice of such failure by the Government to comply with any provision of its franchise which the Government reasonably determines can be remedied by demand on the letter of credit, the Government may immediately request payment of the amount thereof, with interest and any penalties, from the letter of credit. Upon such request for payment, the Government shall notify the Grantee of the amount and date thereof.
- (3) The rights reserved to the Government with respect to the letter of credit are in addition to all other rights of the Government and no action, proceeding or exercise of a right with respect to such letter of credit shall affect any other right the Government may have.
- (4) The letter of credit shall contain the following endorsement:

"It is hereby understood and agreed that this letter of credit may not be cancelled by the surety nor the intention not to renew be stated by the surety until thirty (30) days after receipt by the Government, by registered mail, a written notice of such intention to cancel or not to renew."
- (b) If necessary, after the initial service requirement is met and the bonds required by Section 8 of this Ordinance no longer protect the Government, the Government may require the Grantee to file with the Government a Performance Bond in an amount up to Five Hundred Thousand Dollars (\$500,000.00) in favor of the Government. This bond shall be maintained throughout the construction period. In lieu of the above-mentioned performance bond, the Grantee may deposit with the Government an irrevocable letter of credit from a financial institution located in the County in an amount up to Five Hundred Thousand Dollars (\$500,000.00). The form and content of such letter shall be approved by the Government.
- (1) In the event the Grantee fails to comply with the Code or any law, Ordinance or regulation governing the franchise, or fails to well and truly observe, fulfill and perform each term and condition of this Ordinance or the franchise, including the Grantee's application (as required in Section 4), there shall be immediately recoverable, jointly and severally, from the principal and surety of the bond or the letter of credit, any damages or loss suffered by the Government as a result, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the Grantee, plus a reasonable allowance for attorney's fees, including the Government legal staff, and costs, up to the full amount of the bond.

- (2) Upon completion of construction of the Grantee's initial service area the requirement of this additional performance bond shall be waived.
- (3) The bond or letter of credit shall contain the following endorsement:
"It is hereby understood and agreed that this bond [letter of credit] may not be cancelled by the surety nor the intention not to renew be stated by the surety until thirty (30) days after receipt by the Government, registered mail, a written notice of such intent to cancel or not to renew."
- (4) The rights reserved to the Government with respect to the performance bond or letter of credit are in addition to all other rights of the Government, and no action, proceeding or exercise of a right with respect to such performance bond or letter of credit shall affect any other right the Government may have.

Section 23 - Discontinuing Use of Facilities.

- (a) If Grantee decides to discontinue use of Facilities within all or a portion of the Streets and does not intend to use those Facilities again in the future, the Government may direct Grantee to remove the Facilities or may permit the Facilities to be left in place as abandoned, which permission shall not be unreasonably withheld or delayed. If Grantee is permitted to abandon its Facilities in place, upon written consent of the Government, the ownership of Facilities in the Government's Streets shall transfer to the Government and Grantee shall have no further obligation therefor. Notwithstanding Grantee's request that any such Facility remain in place, the Government may require Grantee to remove the Facility from the street area or modify the Facility in order to protect the public health and safety or otherwise serve the public interest. The Government may require Grantee to perform a combination of modification and removal of the Facility. Grantee shall complete such removal or modification in accordance with a reasonable schedule set by the Government. Until such time as Grantee removes or modifies the Facility as directed by the Government, or until the rights to and responsibility for the Facility are accepted by another Person having authority to construct and maintain such Facility, Grantee shall be responsible for all necessary repairs and relocations of the Facility, as well as restoration of the Street, in the same manner and degree as if the Facility were in active use, and Grantee shall retain all liability for such Facility.

Section 24 - Offers of Payment.

Bids offered for purchase of a franchise pursuant to this Ordinance shall state the bidder's acceptance of the conditions set forth in this Ordinance. If any bid shall include an offer of payment over and above the terms of the franchise, then a certified check for said amount, payable to the County, shall be deposited with the Government. This amount shall be in addition to the provision for any payments contained in Sections 4 and/or 20 of this Ordinance.

Section 25 - Governing Law.

This Ordinance and any franchise awarded pursuant to it shall be governed by the laws of the Commonwealth of Kentucky, both as to interpretation and performance, and in accordance with all federal laws and regulations. The venue for any litigation related

to this Ordinance or any franchise shall be in the court of competent jurisdiction in Calloway County, Kentucky.

Section 26 - Non-enforcement by the Government.

Grantee shall not be relieved of its obligations to comply with any of the provisions of this Ordinance by reason of any failure of the Government to enforce prompt compliance, nor does the Government waive or limit any of its rights under this Ordinance by reason of such failure or neglect.

Section 27 - Agent.

The Grantee shall provide to the Government written contact information at Grantee's corporate headquarters. This contact information may be used by the Government to correspond with Grantee regarding all activities required pursuant to this Ordinance. The Government will deliver service of any legal proceeding initiated by the Government upon Grantee's registered agent for the Commonwealth of Kentucky.

Section 28 - Third Parties.

This Ordinance and any franchise awarded pursuant to it does not create a contractual relationship with or right of action in favor of a third party against either the Government or the Grantee.

Section 29- Erection, Removal and Common Uses of Poles

(a) Grantee shall not erect or authorize or permit others on its behalf to erect any Poles except when absolutely necessary to provide Telecommunication Service. Poles may not be erected by the Grantee when other Poles are available on reasonable terms and conditions. Terms and condition which comply with applicable State and/or Federal regulations shall be deemed reasonable. No Poles, Towers, or Support structures shall be erected by the Grantee without prior approval of the Government with regard to need, location, height, type, and any other pertinent aspect. However, no location of and Poles, Towers, or Support structures of the Grantee shall be a vested interest and such Poles, Towers, or Support structures shall be removed or modified by the Grantee at its own expense whenever the Government determines that the public health, welfare and/or safety would be enhanced thereby.

(b) Where Poles, Towers, or Support structures already existing for use in serving the Government are available for use by the Grantee on reasonable terms and conditions, but it does not make arrangements for such use, the Government may require the Grantee to use such Poles, Towers, or Support structures for reasonable and proper consideration consistent with applicable law or place its facilities underground if it determines that the public health, welfare and/or safety would be enhanced thereby and if such use would not unduly interfere with Grantee's operations.

Section 30. Aesthetic standards.

Unless otherwise approved by the County in order to prevent an effective prohibition of service in accordance with federal regulations, as applicable, no Person shall locate or maintain a Facility, Pole, Tower, or Support structure, except in accordance with the following design standards:

- (a) All Facilities shall be located and designed so as to minimize visual impact on surrounding properties and from Rights-of-way.
- (b) All new or replacement Poles, Towers, or Support structures placed in the Rights-of-way shall be the same color, shape, material, and general height as

- (3) All coaxial, fiber-optic, or other cabling and wires shall be contained inside any new or replacement Tower, Pole, or Support structure. On existing Poles, Towers, or Support structures, or new wooden Poles, where it is impossible to place wiring inside the Pole, Tower or Support structure, all coaxial, fiber-optic, or other cabling and wires shall be flush-mounted and covered with a metal, plastic, or similar material matching the color of the Pole, Tower or Support structure. - (4) No Tower shall be placed in the Rights-of-way within two hundred fifty (250) feet on the same street of an existing Tower. Replacing an existing Tower with a Tower, or a lighted Pole with another lighted Pole housing Wireless facilities, in the same location shall not violate this provision.
- (5) All new Towers, Support structures and Poles should be located on the same side of the street as existing Towers, Poles, or Support structures. However, this does not preclude an applicant from locating its Wireless facilities on existing lighted Poles under a decommissioning agreement in which the applicant takes ownership of the lighted Pole.
- (6) The centerline of any new Pole, Support structure or Tower shall be aligned with the centerline of adjacent Poles or trees, unless the new structure's height conflicts with overhead power utility lines. Replacing an existing Pole, Support structure, or Tower with another Pole, Support structure, or Tower in the same location shall not violate this provision.
- (7) All new Poles, Towers, Support Structures or Facilities proposed to be fronting a dwelling shall be placed on property lines, unless it would obstruct sight distance at driveways or other accesses to roadways. In those instances where placement of a new Pole, Support structure, Tower, or Facilities on the property line would obstruct sight distance, the Pole, Support Structure or Tower, or Facilities shall be placed in such a location as to prevent the obstruction of sight distance at driveways or other accesses to roadways. Replacing an existing Pole, Support structure, Tower or Facility with a Pole, Support structure, Tower, or Facility in the same location shall not violate this provision.
- (8) New Poles, Support Structures, Towers, or Facilities shall not be placed in front of store front windows, walkways, entrances or exits, or in such a way that would impede deliveries. Replacing an existing Pole, Support structure, Tower, or Facility with a Pole, Support structure, Tower, or Facility in the same location shall not violate this provision.
- (9) No new Poles, Support Structures or Towers shall be placed in front of driveways, entrances, or walkways. Replacing an existing Pole, Support structure, or Tower with a Pole, Support Structure, or Tower in the same location shall not violate this provision.
- (10) No applicant shall locate or maintain a Pole, Support structure, Tower, or equipment associated with a Wireless facility, as to interfere with the health of a tree.
- (11) In areas where the undergrounding of utilities has occurred, but lighted Poles are present, the applicant shall locate its Wireless facilities on existing lighted Poles or seek to decommission the lighted Pole to replace it with a lighted Pole to house its Wireless facilities.
- (12) If the applicant elects to decommission an existing lighted Pole in order to install a Wireless facility in its location, the applicant shall comply with this Ordinance, including these aesthetic standards, and any decommissioning agreement between the applicant and the County or its equivalent.
- (13) In those locations where the undergrounding of utilities has occurred, all Facilities shall be placed underground.
- (14) No equipment associated with any Facility shall impede, obstruct, or hinder ADA access, or pedestrian or vehicular access, or block driveways, entrances, or walkways. The installation of new ground furniture is prohibited.

- (15) To protect the health and safety of the public from the harms of noise pollution, all Facilities shall have a low noise profile.
- (16) Within twenty-one (21) calendar days from the date the operator receives notice thereof, operator shall remove all graffiti on any of its Facilities located in the Rights-of-way.
- (17) All Facilities, Poles, Towers, and Support structures shall comply with such additional design standards as may be set forth in any written policies or guidelines issued by the County.
- (18) All Poles, Towers, Support structures, and other lines and equipment installed or erected by Registrant under this Ordinance shall be located so as to minimize any interference with the proper use of the Rights-of-way with the rights and reasonable convenience of property owners whose property adjoins or abuts any affected Rights-of-way. Subject to applicable codes, overhead drops shall be as close as possible to other utility drops in order to concentrate the drops in as small an area as possible to minimize visual clutter and interference with the use of private property.

Section 31 - Severability.

If any section, sentence, clause or phrase of the Ordinance is held unconstitutional or otherwise invalid, such infirmity shall not affect the validity of the Ordinance.

Section 32 - Effective Date.

Section 33 - This Ordinance shall become effective upon publication and may be published in summary.
