

**AN ORDINANCE REGULATING ESTABLISHMENTS OR
COMMERCIAL ENTERPRISES OFFERING ADULT ENTERTAINMENT
AND ADULT ENTERTAINMENT ACTIVITIES**

ORDINANCE NO. 99-____

Be it ordained by the Fiscal Court of the County of Calloway, Commonwealth of Kentucky:

WHEREAS, the Kentucky General Assembly in 1998 gave the fiscal courts specific statutory authority under HB 432 by amendment to KRS 67.083 to enact regulations of establishments or commercial enterprises offering adult entertainment and adult entertainment activities; and

WHEREAS, the Fiscal Court of the County of Calloway, Commonwealth of Kentucky finds that Chapter 67 of the Kentucky Revised Statutes and KRS 67.083 in particular authorizes fiscal courts to promulgate and enforce ordinances necessary to protect the life, health and property of the public, and to preserve the good government, order and security of counties and their inhabitants. Further, the Fiscal Court finds that the Kentucky Revised Statutes authorizes fiscal courts to establish civil and/or criminal fines, penalties and forfeitures which may be imposed for violations of their ordinances; and

WHEREAS, it is the intent of the Fiscal Court of the County of Calloway, Kentucky, to protect and preserve the life, health and property of the public, and to preserve the good government, order and security of Calloway County and its inhabitants by restricting, to the full extent allowed by the United States and Kentucky Constitutions, establishments or commercial enterprises offering adult entertainment and adult entertainment activities; and

WHEREAS, the City Council of Murray, has adopted Ordinances regulating adult entertainment and public nudity; and

WHEREAS, the Fiscal Court has conducted a public hearing regarding the issues relating to adult entertainment businesses and public nudity and as a result thereof does herein make findings of fact;

NOW, THEREFORE, the Fiscal Court of Calloway County finds the following facts, to wit:

FINDINGS OF FACT:

1. That there is convincing documented evidence that Adult Oriented Businesses, because of their very nature, have a deleterious effect on the surrounding community. Numerous studies, reports and findings concerning the harmful effects of adult entertainment uses on

surrounding land uses and neighborhoods have been reviewed, among which are: Phoenix, Arizona (1979), Tucson, Arizona (1990), Garden Grove, California (1991), Los Angeles, California (1977), Minneapolis, Minnesota (1980); Whittier, California (1978), Indianapolis, Indiana (1983, 1984), Cleveland, Ohio (1977), Oklahoma City, Oklahoma (1986), Amarillo, Texas (1977), Austin, Texas (1986), Beaumont, Texas (1982), Minnesota Attorney General's Report (1988); Evansville, Indiana; and the findings and ordinances of Murray, Kentucky, McCracken County, Kentucky, and Newport, Kentucky.

2. In other communities throughout this country, adult oriented businesses have historically resulted in the increased incidence of crime. Those communities have also had the need for additional law enforcement personnel.

3. Studies from other communities with adult oriented businesses have found that adult oriented businesses lend themselves to ancillary unlawful and unhealthy activities which may be uncontrolled by the operators of such businesses. The secondary effects of related crime have been as large if not larger problems for those communities than the other unhealthy effects of the businesses.

4. The increased crime and unhealthy conduct tend to be aggravated by the presence of adult oriented businesses, including but not limited to prostitution, pandering, exposing minors to harmful or obscene materials, child pornography and violent crimes against persons and property.

5. Several of the studies reviewed demonstrate that the presence of adult entertainment activities or businesses substantially and significantly increases the incidence of sex related crimes and crimes against women. For examples, a study in Indianapolis, Indiana, found that sex-related crimes were 77% higher, and a study in Phoenix, Arizona, found that sex offenses were 506% higher in areas with adult oriented businesses.

6. Studies in other communities have shown a substantial increase in violent crime and street crimes in areas with adult oriented businesses. Local experience in Henry County, Tennessee, and McCracken County, Kentucky, have likewise shown a significant increase in crime in areas with adult oriented businesses.

7. There is substantial evidence that in the event adult oriented businesses and public nudity are not regulated or prohibited and hereafter locate in this County the Calloway County Sheriff's Department will be in immediate need of significantly more personnel and will be in immediate need of significantly more budgetary funds for the protection of the public. The Calloway County Sheriff's Department is not currently fiscally or physically able to adequately protect the public or police adult oriented businesses under current budget constraints.

8. The non-regulation of adult entertainment within the County may encourage commercial entities, other entities and persons to advertise outside of the County and the

Commonwealth of Kentucky by billboard, radio, television, print and other media, the availability of adult entertainment activities within Calloway County. This will likely encourage the influx into the County of Persons seeking to observe and/or participate in such activities, to participate in the disorderly, harmful, and illegal conduct that is associated therewith, and thereby increase injuries and damages to the citizens of this County who will be victims of such increased disorderly, harmful and unlawful conduct.

9. The Fiscal Court finds that competitive commercial advertising and/or exploitation of adult entertainment activities and public nudity encourages escalation of lewd conduct within competing commercial establishments, exploiting such conduct thereby increases the adverse effects upon public order and the public health.

10. That persons often frequent adult oriented businesses for the purpose of engaging in Specified Sexual Activities and the viewing of Specified Anatomical Areas, both as hereafter defined, within the premises of such Adult Oriented Businesses. That sexual acts, including, but not limited to masturbation, oral sex and anal sex, occur at Adult Oriented Businesses, especially those which provide private or semi-private booths, rooms and/or cubicles for viewing films, videos, or live sex shows.

11. At least one study has shown that most of the customers for adult oriented businesses are likely to be non-residents of the local neighborhood or this County. Other studies conducted in other cities and states throughout the country have shown a decline in neighborhoods and neighborhood oriented facilities when exposed to Adult Oriented Businesses. The Fiscal Court finds in light of the other evidence that the influx of persons seeking such activities would adversely affect a residential neighborhood through the secondary effects otherwise described herein.

12. Sanitary conditions in some Adult Oriented Businesses are unhealthy, in part, because the activities conducted there are unhealthy and, in part, because of the unregulated nature of the activities and the failure of the owners and operators of the facilities to self-regulate those activities and maintain those facilities. Studies and reports have indicated that semen is found on the floors of and in the areas of some Adult Oriented Businesses.

13. That at least fifty (50) communicable diseases may be spread by activities which may occur in Adult Oriented Businesses, including, but not limited to syphilis, gonorrhea, human immunodeficiency virus infection (HIV), acquired immune deficiency syndrome (AIDS), genital herpes, human papilloma virus, hepatitis B, and chlamydia. According to the best scientific evidence, AIDS, HIV, human papilloma virus, syphilis, chlamydia and gonorrhea are principally transmitted by sexual acts.

14. That, since 1981, and to the present, there has been an increasing cumulative number of reported cases of AIDS caused by HIV in the United States. Through December 31, 1996, there have been 581,429 reported cases of AIDS in the United States. The Center for

Disease Control and Prevention estimates that there are between 650,000 to 900,000 Americans currently living with AIDS. As of January 1, 1998, there have been 2,583 reported cases of AIDS in the Commonwealth of Kentucky.

15. That concern over sexually transmitted diseases, including AIDS, is a legitimate health concern which the Fiscal Court determines demands reasonable regulations of adult oriented businesses in order to protect the health and well-being of the citizens.

16. The Fiscal Court finds that there is a need to protect the public from the secondary effects and impacts of public nudity and its associated adult entertainment activities. The Fiscal Court finds that sexually transmitted diseases is a legitimate health concern. The Fiscal Court further finds that there is convincing documented evidence that adult oriented businesses, because of their very nature, have a deleterious effect on both existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime, the down-grading of property values, and a detrimental effect on the character and safety of surrounding neighborhoods.

17. Studies from other communities have found a significantly greater secondary impact on residential areas from adult oriented businesses. For example, one study found a 56% greater crime rate increase in residential areas as opposed to commercial areas. Several studies concluded that adult oriented businesses should not be located in residential areas and should be located a significant distance from residential areas because of the secondary effects of such businesses.

18. The Fiscal Court finds that property values and in particular, housing values, are significantly lower in areas with adult oriented businesses. The Fiscal Court further finds that the presence of adult oriented businesses, particularly in residential areas, will have substantial detrimental effects on communities and family oriented neighborhoods.

19. It is hereby found by the Fiscal Court that the acts prohibited in this Ordinance encourage and or create the potential for the conduct of prostitution, attempted rape, rape, and assault and battery, that actual and simulated nudity and/or sexual conduct begets and has the potential for resulting in undesirable and unlawful behavior; that sexual, lewd, lascivious and salacious conduct may result in violation of law and creates dangers to the health, safety, welfare and morals of the public and those who engage in such conduct.

20. The local law enforcement have substantial cause to believe that with the adoption of the ordinances by the City of Murray concerning adult oriented businesses and public nudity, such activities may become established outside the City, but within the County, which would significantly affect the community of the City and County as a whole.

21. The Fiscal Court desires to protect and preserve the unique character of Calloway County as a family oriented location for families, businesses and tourists.

22. That the Fiscal Court has considered the decisions of the United States Supreme Court, Kentucky Supreme Court and other courts regarding local regulation of Adult Oriented Businesses.

23. The Fiscal Court finds and determines that individuals seeking adult entertainment or desiring to operate adult oriented businesses have adequate opportunities for and access to such activities and businesses in reasonable proximity to the unincorporated sections of Calloway County, in that adult entertainment or adult oriented businesses are permitted to operate in the following places in reasonable proximity to Calloway County, to wit:

a. Henry County, Tennessee, which is immediately adjacent with the southern boundary of Calloway County, Kentucky, currently has and permits adult oriented businesses. The historical culture of Calloway County includes citizens going to Henry County, Tennessee, for the purchase or consumption of alcoholic beverages and the continuation of those habits for other adult activities would not be an undue or unreasonable burden on the citizens desiring access to said activities nor an undue inconvenience to those seeking to provide such activities as a commercial enterprise.

b. The City of Murray, Kentucky, which is the County Seat of Calloway County, and is the primary commercial and entertainment center of Calloway County, currently permits the licensing and zoning of adult entertainment businesses within the city limits of the City of Murray. Therefore, there are opportunities within the City of Murray, which is in Calloway County, to open or operate commercial enterprises for adult oriented businesses. The City of Murray is the only true commercial area in this County. As a result, the unique character of this community is that the areas outside the city limits are primarily residential areas.

c. The City of Paducah, Kentucky, a second class city, is less than thirty-five miles from Calloway County, and McCracken County, Kentucky, is approximately twenty miles from Calloway County. Both the City of Paducah and McCracken County currently permit the licensing of adult entertainment businesses. The citizens of Calloway County historically have used and enjoyed on a regular and frequent basis both the commercial and entertainment opportunities that are provided in the City of Paducah and McCracken County. The culture of Western Kentucky has been that the City of Paducah and McCracken County are the commercial and entertainment center of the region. The Fiscal Court further finds that the continuation of those habits for other activities would not be an undue or unreasonable burden on the citizens desiring access to said activities nor an undue inconvenience to those seeking to provide such activities as a commercial enterprise.

d. There are no ordinances at the present time that prohibit adult oriented businesses in the other counties adjacent to Calloway County, to wit: Graves County, Marshall County and Trigg County. Each of these counties are in reasonable proximity and easily accessible to Calloway County.

e. Studies from other communities have shown that adult oriented activities should not be located in residential areas because of the severe secondary effects upon residential neighborhoods in particular. Therefore, the Fiscal Court finds as a fact that permitting adult entertainment activities in Calloway County, outside the City of Murray, would have a detrimental impact upon the rural and residential character of this community. The Fiscal Court further finds that it would not unreasonably restrict those persons seeking or desiring to provide adult entertainment activities to provide those activities in the aforementioned locations immediately adjacent to or within Calloway County.

23. The Fiscal Court finds that the following types of businesses as defined in this ordinance are not speech related activities and are not entitled to special protections under the First Amendment, to wit: "Adult cabaret", "Adult Motel", "Escort agency", "Escort", "Adult Personal Service Business", "Nude Model Studio", "Sexual Encounter Center", and "Adult Arcade".

24. The Fiscal Court finds and determines that the prohibitions contained herein are the most reasonable and minimal restrictions required so as to protect the public from the secondary effects described herein and to regulate conduct which is adverse to public order, health, morality and decency within Calloway County. In the alternative, the use of 1000 yards by the General Assembly as a reasonable proximity from schools for the trafficking of drugs provides the Fiscal Court with appropriate guidance of a reasonable area and space restriction if such activities are required to be permitted by a Court of competent jurisdiction. The Fiscal Court further finds that the residential and rural character of the County, outside the city limits, requires distances of at least 1000 yards to achieve the intent and purposes of this ordinance. As a result, in the event the restrictions provided herein are not upheld by a Court of competent jurisdiction, the alternative restrictions provided herein are the most reasonable and minimal alternative restrictions to protect against the secondary effects on residential areas, churches, schools and to further preserve the character, public order, health, morality and decency within Calloway County.

25. Studies have further shown that adult entertainment activities should be separated from each other to reduce the harmful secondary effects of such businesses.

26. The Fiscal Court is not hereby prohibiting nudity in truly private places or prohibiting nudity which is protected by the United States and Kentucky Constitutions; therefore, the Fiscal Court further finds and determines that the express exemptions contained in this Ordinance provides adequate protection to Persons who, without such express exemption, might otherwise be prevented or discouraged by the Ordinance from exercising constitutionally protected rights.

NOW, THEREFORE, BE IT ORDAINED BY THE FISCAL COURT OF THE COUNTY OF CALLOWAY, COMMONWEALTH OF KENTUCKY: _____
